

ORELIA

LONDON

A BEAUTIFUL IDEA

Since 2008, Orelia has aspired to be the destination for beautifully designed affordable jewellery to wear every day.

Passionate about styling looks, Orelia brings new capsule ranges quarterly, making it easy to build a beautiful ever-changing collection. We create jewellery to be celebrated and worn by every age and every body. Not just for special occasions, our jewellery is designed to wear time and time again.

ORELIA RELAUNCHED

This, however, is a special occasion; a complete new brand identity: website, packaging, logo and new displays for SS21 (plus the upgrade of our new luxury brand, ORELIALUXE).

Reflecting current colour and design trends, we use beautiful plating, semi-precious stones and interesting metal textures to create our collections. All designed in-house.

As a brand, Orelia promises quality, inspiration and a hint of luxury every collection. We relaunch with three of our signature themes:

MAKE A STATEMENT

Bold, perfectly over-sized, and reassuringly weighty. Great statement pieces with an air of retro.

CHAIN REACTIONS

Experiment with multiple-choice neckwear in different weights, lengths and finishes. Choose from barely-there fine chains, chunky snake, rope and vintage links; this is a mix and match treat of fabulous chain layering.

STACKS OF CHARM

Stack it high or low, the layering trend continues for ear, neck and hand. We just can't get enough! Whether adorning your ear with a cuff and an ear party, layering up your neckwear or ring stacking, Orelia customers love to share their look on #oreliajewellery
